

Provider Update

April 4, 2016

Dear Providers:

UOP has made keeping our providers updated on the latest news our number one priority. We provide our physicians with the latest important news from the health plans and other sources that might be of special interest to them. We deliver biweekly news updates in the form of a newsletter. We have made it our duty to better serve our physicians and make sure they have 24/7 access to our important newsletters. We have recently updated our website (**uopdocs.com**) and added our newsletters under the tab **UOP Newsletters**. Under this tab you will find all of the prior newsletters beginning from January 2016. This means you have unlimited access to the important updates delivered from the health plans and other sources.

Below we will demonstrate the exact steps to get to the newsletters through our **UOP website**. Each newsletter is under a different month, for example: the February newsletter will be found when you click on the **February 2016**. Each month is hyperlinked to its newsletter. Also, please keep in mind that UOP will still be sending their letters via fax. Some letters are lengthy and for the sake of saving paper, we will send a letter briefly explaining the report and lead you to the website for the rest of the communication. If you have any questions on how to get to the newsletters, you can call Nada at 313-240-9867 Ext. 19 or email at nada@uopdocs.com.

Uopdocs.com → UOP Newsletters → (Month) Newsletter Update

Sincerely,

UOP Team
